BAR STOOLS AND TABLES

The right bar stool can transform a seating area from ordinary to extraordinary. Find your favourite shape and make it yours by choosing from our stylish fabrics and leathers. Go traditional with darker materials and leathers, or opt for something a bit more Scandinavian with grey wools and lighter colours.

It’s about connecting. Person-to-person instead of screen-to-screen. Spending time with family, friends, colleagues, even strangers. Gather around one of our bar tables and make a connection.

Materials, colours and fabrics for contract furniture

When it comes to tables, wall systems, bookcases, sideboards and even night stands or chests of drawers, you have a wide selection of different materials and colours to choose from.

One of the biggest selections on the market. 100+ luxury fabrics and leathers, from only the finest tanneries and fabric designers. All are available to try in your local store, in large 1.4 sq. m swatches.

Our quality is more than aesthetics. We stand for craftsmanship, uncompromising attention to detail and exceptional materials. Our reputation and global footprint allows us to handpick the best experts from around the globe. And we do it, remembering the well-being of animals, workers and our planet.

CAMIRA FABRICS

We have a vast upholstery selection, including fabrics by Camira. The British heritage maker leads the industry with a focus on long-lasting comfort and durability, innovation and sustainability – all qualities we love.

QUALITY CHECKING

Our quality department works closely with the Technological Institute of Denmark, allowing them complete freedom for independent testing and your peace of mind.

WOODEN FURNITURE

Over 98% of our wooden furniture is manufactured here in Denmark, in our company-owned factory. It allows us to push industry standards, like applying five separate coats of lacquer – giving your solutions extra durability and an exceptional finish.

WORLD-CLASS LEATHERS

Our leather comes from some of finest tanneries in Europe and South America. We offer an array of colour options and grades: from corrected, to semi-aniline, to our highest quality pure aniline.

HAND-SELECTED VENEER

Our real wood veneer is of the highest quality – a claim we can personally attest. An expert from our factory here in Denmark travels to Canada three times a year to personally hand-select veneer for our production.

SOFA FILLING

We fill our sofa cushions with quality aquatic bird feathers. The feathers are sorted and selected for their light weight and ability to trap air – giving you sublime comfort.

HINGES & DRAWER RUNNERS

Our high-quality European hinges and drawer runners are tested to a total of 300,000 cycles – the equivalent of 50 and 25 years of use, respectively.

CERAMIC TOPS

All ceramic table tops are produced by the same Spanish manufacturer. Their 40 years of expertise ensure surfaces that are stunning, virtually scratch-proof and heat resistant up to 200° C.
